Unmasking Hidden Taxes

Women in this state are banding together with others under the banner of the National Consumers Tax Commission to try to tear away the mask that hides hidden taxes from the people who pay them.

Hidden taxes are those levied during the production and distribution of an article and passed on unknown to the consumer in the form of higher prices.

Everything—whether necessity or luxury—has hidden taxes concealed in its price, the commission declares. They take 11 cents of the price of a 40-cent piece of meat, 18 percent of the price of sugar, \$1.95 of the price of a \$6.95 hat.

The consumer, however, pays these taxes without knowing it—and then wonders why the weekly pay check does not stretch further.

The need for generally-distributed information about our complicated, modern-day tax system is an extremely vital one. That is why the women taking part in this consumer campaign are performing a valuable public service, a service deserving the support of everyone.

The mask hiding taxes from those who pay them should come off.

The "Ism" Preachers

(From the Fort Pierce (Fla.) News-Tribune)

"There are persons who constantly clamor. They complain of oppression, speculation and pernicious influence of accumulated wealth. They cry out loudly against all banks and corporations and all means by which small capitalists become united in order to produce important and beneficial results. They carry on mad hostility against all established institutions. They would choke the fountain of industry and dry all streams. In a country where property is more evenly divided than anywhere else, they rend the air shouting agrarian doctrines. In a country where wages of labor are high beyond parallel, they would teach the laborer he is but an oppressed slave. What can such men want? What do they mean? They want nothing but to enjoy the fruits of another man's labor."

This statement was made about one hundred years ago in the United States Senate by one of the greatest

American statesmen—Daniel Webster.

Every tradition and institution in America is periodically under attack. The man who invests in capital that keeps business running is accused of monstrous iniquities. Socialism, communism, fascism, nazism—all of these, judging by the critics of our social order, are better than democracy.

The fact that the American system has given the highest standard of living on earth is disregarded. The fact that the American workmen have luxuries, enjoyed only by the well-to-do or official class abroad, is covered up. Fortunately, the American people, secure in the knowledge of their heritage, don't seem to be fooled very easily by these detractors and their assorted "isms."

The Real Emergency

No less than 39 national "emergencies" have been proclaimed in Washington in the last six years, according to the research findings of one of the Congressmen. That is at a rate of one new "emergency" every six weeks.

Some of these emergencies doubtlessly did exist, but most of them, apparently, were simply a spring board for some new fangled experimenting or planning. The record shows that almost every reform or regulation proposal advanced in those six years was accompanied by a proclamation that an emergency existed, and that more reform or regulation was the only way to meet the situation.

But the emergency "viewers-with-alarm" have overlooked the real emergency. That one is the really alarming and speedy rise of the National debt. It has more than doubled in the six year period of those 39 other emergencies, despite higher taxes imposed in that period to meet increasing expenses of the Federal government.

Certainly it is about time the planners recognized this emergency. And if it is more reform and regulation they want, that will apply here very well. No more important reform could be effected than a reform of the Washington habit of spending more than it takes in.

A survey of 150 leading corporations showed 6,420,000 investors, or twice the total number of employees, shareholders in their own companies.

For every \$100 of chemical products sold, \$3 goes to research to give consumers improved products at lower prices.

If you drive your automobile 30 miles an hour and get 15 miles to the gallon, gasoline taxes average about 11 cents an hour.

good attendance. The Lions club of Antioch and the business men of Lake Villa took part and again the Lions club was loser to the Lake Villa team by a small score. Mr. Morley of Antioch was awarded prize for high score on the Antioch team and Mr. Weber the prize for the Lake Villa team. This series of six quizzes has proved very interesting and many instructive questions have been asked, adding to the information and knowledge of all taking part or listening.

Mrs. Emma Hall and family, which also includes her father, Mr. Koppen, have moved to a tenant-house on Lindenhurst Farm, after living for several years in the Potter house. Mrs. Hall will continue her work at the telephone office.

Dr. and Mrs. Mosby, who have been living at North Chicago for the winter

months, have moved back to their home on Oak Knoll drive.

Frank Hamlin transacted business in Chicago on Tuesday.

Clayton Hamlin of Waukegan, on Sunday visited his father, Fred Hamlin, who is still confined to his home by illness.

Ben Hamlin was taken to St. Theresa hospital for treatment last Saturday night and on Monday was given a blood transfusion. On Tuesday, he was slightly improved.

WILMOT

Gerald Seibert is chairman of the lunch committee and William Fox of the prize committee for the card party to be sponsored by the men of the Holy Name Society at the Wilmot gymnasium on Sunday, April 16, for the benefit of the Holy Name church.

Mrs. Herbert Sarbacher returned Sunday from a week's stay in Kenosha with Mrs. Joseph Sarbacher.

Mr. and Mrs. Frank Kruckman were guests Sunday of Mr. and Mrs. Donald Johnson at Crystal Lake.

Mr. and Mrs. David Kimball are occupying the Kruckman home recently vacated by Mr. and Mrs. Charles Lake.

Sunday guests of Mr. and Mrs. John Sutcliffe were Grace Sutcliffe, Lois McEwen, Dr. Kenneth McEwen and Melvin Tucker, Oak Park, and Theodore Bogda of Edison Park.

Mr. and Mrs. Ferdinand Beck spent Sunday in Waukegan with Mr. and Mrs. P. Myers and family.

Miss Anna Kroncke spent the weekend in Waukegan with George Kroncke.

Robert Duesing has returned from a several months' stay at Hot Springs.

Mr. and Mrs. Cliff Rasmussen and Barbara have returned from Florida where they spent the past three months at Teague's Camp and St. Petersburg. Paul Voss was in Madison Monday for a milk price hearing.

Clyde Bufton and children of Kenosha, spent Sunday with Mr. and Mrs. Ray Bufton.

Mr. and Mrs. Paul Voss and children attended a dinner honoring Mrs. Voss' parents, Mr. and Mrs. William Eilers, at Richmond on Wednesday, April 5. The Eilers held open house in the afternoon and evening.

Mr. and Mrs. Ray Bufton visited Mr. and Mrs. John Shatten at Slades Corners on Sunday evening.

Rose Yanny has returned from a visit with relatives at Racine.

Erminie and Grace Carey were in Milwaukee on Thursday.

At a meeting of the High School P. T. A. in the assembly room Monday evening the annual election of officers was held. A round table discussion on the subject, "How can I pay my debts?" was another event on the program. Several prominent men were secured to take part in this discussion, including William Thompson of Somers, County Supt. C. L. Egger, and the Rev. E. Kistler of Salem.

Mrs. Otto Schenning and Mrs. Eli Hartnell were in charge of the candy sale.

The Wilmot Mothers' club held its monthly business meeting Tuesday evening at the Wilmot graded school.

Union Free High School

"The Sunbonnet Girl," an operetta presented by the music department

under the direction of Russell Ende, drew a crowded house at the Wilmot gymnasium last Friday evening. Eighty-nine pupils were in the cast with Jane Schultz, Harry and Verle Swenson, Robert Elverman among those deserving special mention.

The production was well staged and the chorus work very effective. Accompanists were Marie Richter and Ardy Hegehan.

School closes for the Easter vacation on Thursday and will re-open on Tuesday.

The annual banquet of the South Eastern Wisconsin conference is to be held at the high school on April 13. Athletes will attend from Mukwonago, Watertown, East Troy, Rochester, Union Grove, Norris Farms and Wilmot.

The program includes motion pictures of athletic stars from the Wisconsin university in action, to be shown by Assistant County Agricultural Agent Mannie Frye. The talk of the evening will be given by Arlie Luck, a former Wisconsin university athlete and United States representative at the Olympic games.

The local 4-H club will meet at the gymnasium on Wednesday evening.

FOR YOUR PROTECTION

At this season of the year itinerant roof applicators are touring the country looking for prospects for roof and side wall shingle jobs.

They Come - They Sell - They Apply - They Disappear

For many years we have been telling the public that these products can be bought right here at home for less money and they will be applied by competent local labor, whose workmanship is unquestioned.

Many of the itinerant roofers remain in business for a short time only and in the event that you get a poor job, which happens not infrequently, you will have to bear the expense of your repairs, because of their financial inability or their unwillingness to return and make the job good.

Some Things to Watch in Dealing With These People!

1. That they do not overestimate the size of the job.
2. That they do not overcharge you per square for the job.
3. That they use insulation under the shingles.
4. That they protect the window stops from water.
5. That they repair sills where rotted.
6. That they calk around window and door frames.
7. That they use the best of materials.

In Dealing With Us

1. We will figure the size of your house right along with you.
2. We will show you how we arrive at our price.
3. We will use heavy weather pad insulation under the shingles.
4. We will use your neighbor, the local carpenter, to do the work.
5. We will be here years after the other fellow is gone.
6. We will finance your job if you have a steady income.
7. We will use the best of materials.

We are interested in the welfare of our customers and always try to give them the best values for their money. We do not have the time to call on each and every customer individually and take this opportunity to express the hope that you will take us into consideration before you close a deal for any kind of a building job.

We submit estimates cheerfully and without obligation on your part.

PAUL PREACHES THE
RISEN CHRISTLESSON TEXT—Acts 13:16, 23-31, 38-39;
1 Corinthians 15:19-22.
GOLDEN TEXT—But now is Christ risen from the dead, and become the firstfruits of them that slept.—1 Corinthians 15:20.

From time immemorial man has stood questioning at the close of life, somehow feeling that (as Tennyson expressed it)

Thou wilt not leave us in the dust;
Thou madest man, he knows not why;
He thinks he was not made to die;
And thou hast made him; thou art just.

But nowhere in nature was there written the assurance that death did not end all. In fact it was not until Christ won His victory over death that there was any real certainty that there was life beyond the grave.

Christianity is the only faith that rests upon the resurrection of its founder. Other religions point with pride to the monuments at the graves of their founders. Christianity alone presents an empty tomb. Since only God can give life and Jesus by His own power raised Himself from the dead, we have the right to the glorious claim that Christianity is the one true faith—a victorious living faith.

Resurrection truth

I. Makes the Preacher Bold (v. 10).

Barnabas and Paul had been set apart by the Holy Spirit and by the Church for missionary work, and on their first journey had reached Antioch in Pisidia. In the synagogue on the Sabbath day they were asked to speak to the people. Paul arose in holy boldness and called upon them to hearken to him. What is the important message which gives this preacher such assurance? The resurrection of Jesus Christ. It is true that the sermon he gives presents much other information as it logically and tactfully leads up to its high point, but that point is the resurrection and the redemption which it assures.

II. Makes the Gospel Clear (vv. 23-31, 38, 39).

Reviewing Israel's history, Paul declares that of the seed of David God had "according to his promise raised unto Israel a Saviour, Jesus," but that they slew Him. Now, if that were the end, we would indeed be "of all men most miserable" (1 Cor. 15:10). Our hopes of salvation, with Israel's hopes, were bound up in Christ. But a dead Christ could save no one, not even Himself. We must have a living Christ. Had Paul's message stopped there it would have been a hollow mockery. But wait, what is it we read? "God raised him from the dead" (v. 30). Blessed truth! Glorious foundation for the proclamation of the gospel so aptly epitomized in the words of verses 38 and 39. Now it is clear that we have a victorious, living Saviour and a gospel to preach that is the "power of God unto salvation to everyone that believeth" (Rom. 1:16).

III. Makes the Future Certain (1 Cor. 15:10-22).

Man comes to the years of maturity and suddenly faces the shocking fact that the life to which he gives so much, for which he labors and sacrifices, is but for a brief span of years, perhaps at the most "three score years and ten, and if by reason of strength they be fourscore years, yet is their strength labor and sorrow" (Ps. 90:10). He sees that friends and loved ones must part at the grave. Is this the end?

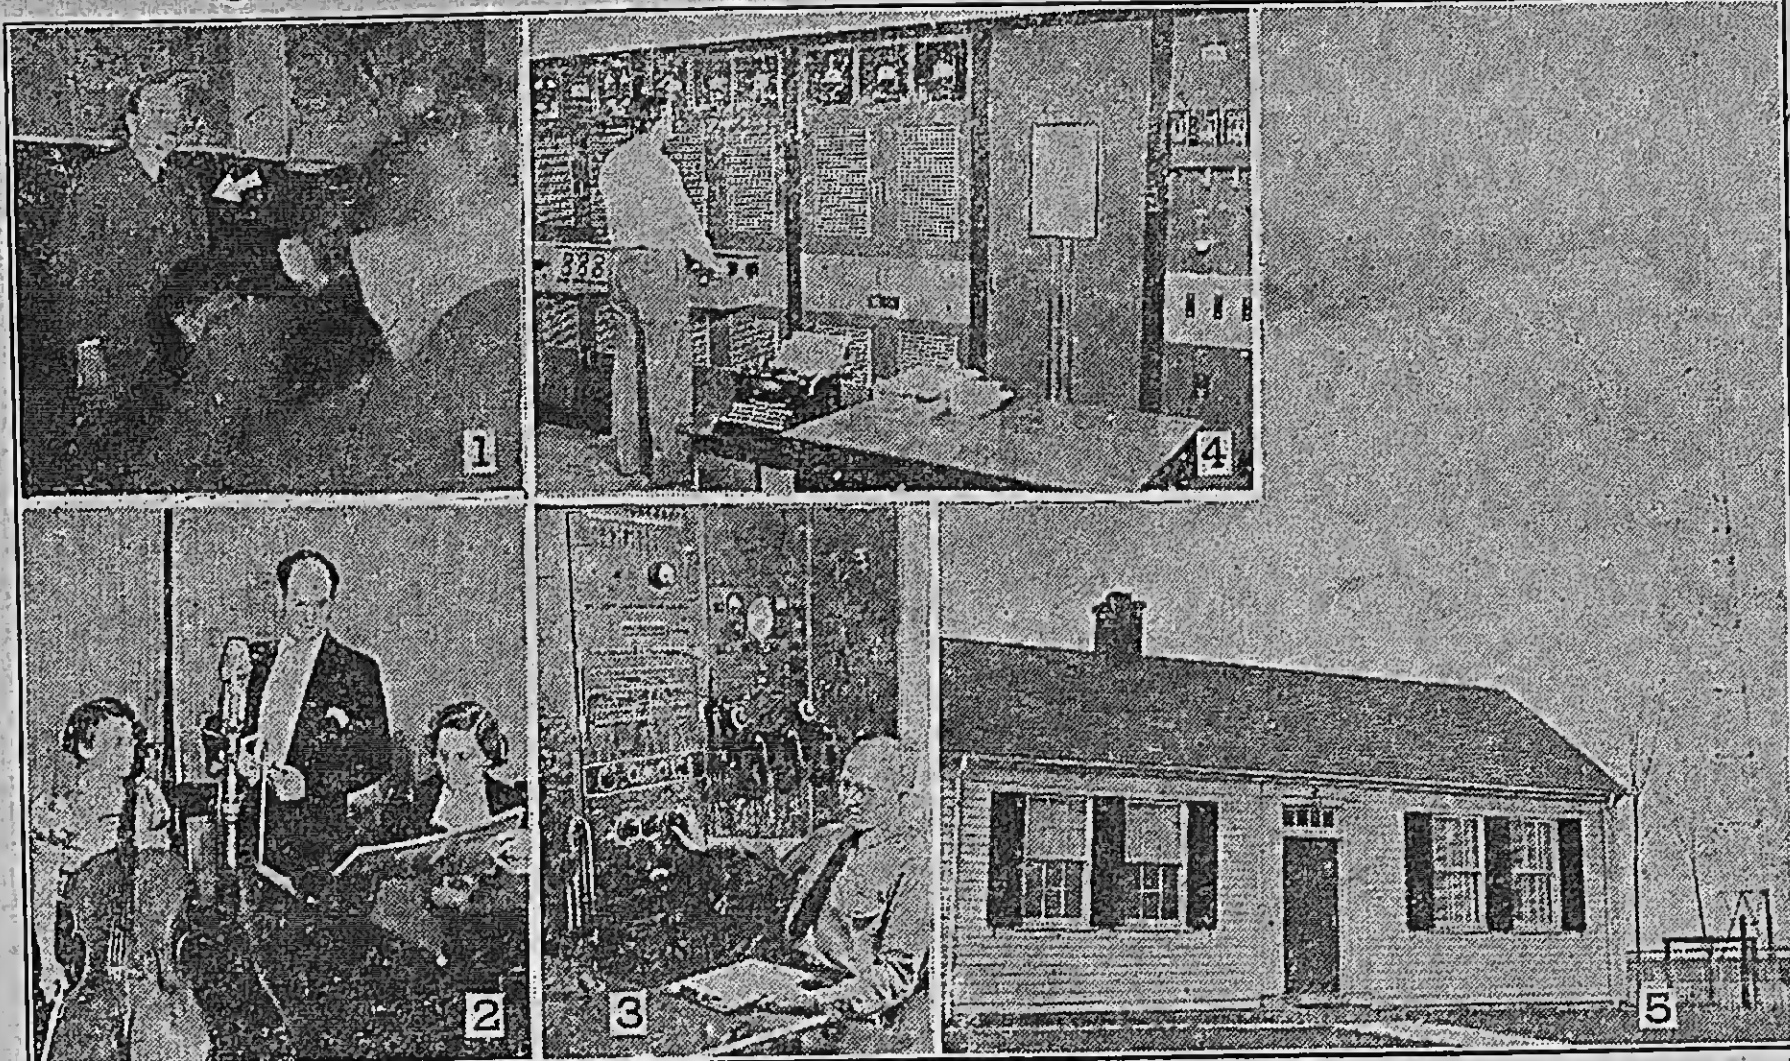

The answer to that question comes to us today from the empty tomb in the garden through the words of Paul. Listen to their majesty—rejoice in their beauty and assurance: "But now is Christ risen from the dead," Hallelujah! And that's not all, He has "become the firstfruits of them that sleep" (v. 20), which means that all those who are asleep in Jesus will be brought forth in due season.

The resurrection of Jesus transformed the grave (as a friend of mine expresses it) from a dark hole in the ground where hope ends, to a highway, going down, it is true, through the valley of the shadow, but lighted by the victory of Jesus over death, and bordered on both sides by Easter lilies. Thus is "brought to pass the saying that is written, Death is swallowed up in victory"—a victory that makes us "steadfast, unmovable, always abounding in the work of the Lord" (1 Cor. 15:54, 58). It is Easter. Christ is risen! Let us rejoice!

God's Garden

God Almighty first planted a garden; and indeed it is the purest of human pleasures. It is the greatest refreshment to the spirits of man, without which buildings and palaces are but gross handicrafts; and a man shall ever see that, when ages grow to civility and decency men come to build stately sooner than to garden finely, as if gardening were the greater perfection. — Francis Bacon.

Classes Popular
U. of I. Service

Enrollment in work offered by the University of Illinois through correspondence and off-campus classes has increased more than 50 per cent during the past year. More than 80 courses are offered by correspondence. In addition, courses are given in classes held in a half-dozen communities throughout the state.

Both correspondence and extramural courses are taught by regular faculty members. An exceptionally small percentage of students fail to complete courses they begin. Subjects offered by mail range from accountancy to mechanics. While all courses are of college level, not even high school graduation is required for admission to some, but the student must convince the correspondence director of ability and worthwhile interest.

Correspondence students range from clerks and laborers to high ranking corporation executives. While most of them come from Illinois, others are located throughout the world.

Details of courses and admission may be obtained from the Division of University Extension at Urbana.

Church School—9:45 A. M.
Worship Service—11:00 A. M.
Choir rehearsal every Thursday at 7 o'clock p. m.
Official Board Meeting the second Wednesday of every month.
Ladies Aid business meeting first Wednesday of every month at 2 p. m.
Friendship Circle business meeting fourth Wednesday of every month at Sunday School Board meeting, 4th Tuesday each month.

At 11 o'clock next Sunday morning our regular Easter service will be observed. All should be in a spirit of devotion until that time, that the greatest possible results may accompany this sacred occasion. We will appreciate it if those having Easter flowers for the home will bring them to the church Sunday morning. Thus they will be of double blessing.

Holy Name Church, Wilmot

Masses for Holy Week will be at 8 o'clock on Thursday, Friday and Saturday mornings at the Holy Name church. Thursday and Friday evenings services will be at 8 o'clock. Easter Sunday the high mass will be at 8 and low at 10 o'clock in the morning. Confessions will be heard Saturday afternoon from 2 o'clock until 5 and after 7 in the evening.

Peace Lutheran, Wilmot

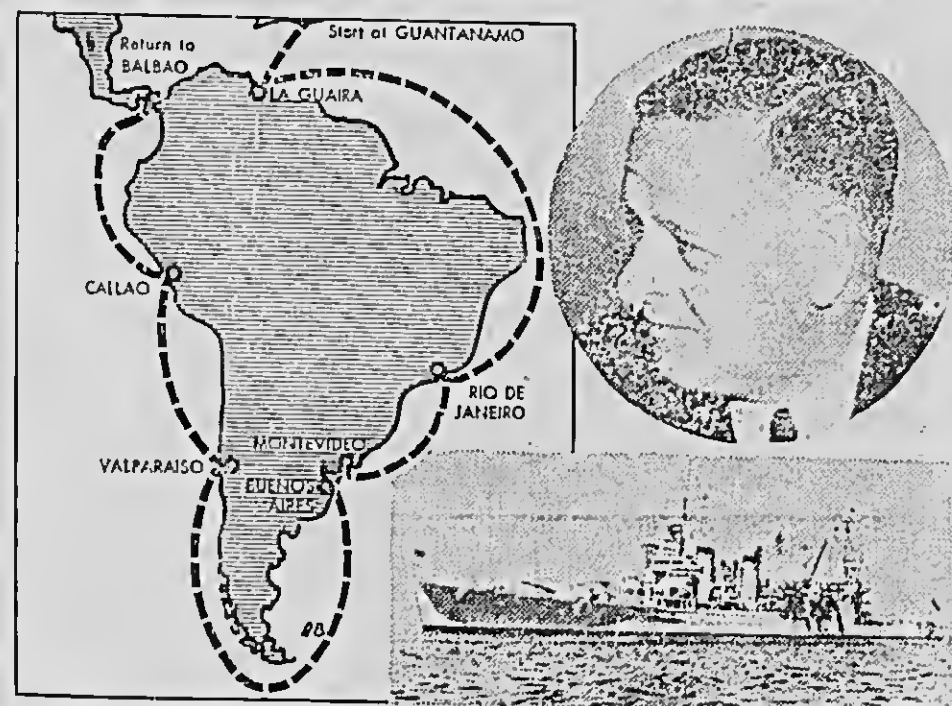

There will be special services Maundy Thursday evening at 8 o'clock in the English language. Good Friday morning services will be in German at 10 o'clock. The 10 o'clock service on Easter Sunday morning will be in the German language with holy communion. Prof. E. Wendland from the North Western college at Watertown will have charge of the Thursday, Friday and Sunday morning services. Sunday evening at 7:30 o'clock the service will be in English, with communion. The Rev. Harold Kleinhaus of Oshkosh and the Rev. H. Diehl from Lake Geneva will be in charge.

Yesterdays

April 9, 1891

Antioch is recovering from the desolation of the recent fire. We would say to our many readers, also, that we will soon be able to print the NEWS on our own press and will then make up for any omission of news that may now occur in the paper.

Work was commenced on the foundation of Lyman Grice's new hotel on Monday last.

At the annual town election held in this village on Tuesday last the following officers were elected: Supervisor, George H. Kennedy; town clerk, Herman Block; assessor, Cornelius Coon; collector, William Grey; commissioner, J. L. Harden; constable, Howard Hadlock.

There will be a hop in the town hall Hallday, on next Friday evening.

30 YEARS AGO

April 8, 1909

While hunting at Deer lake Saturday last Arnie Bigelow and Lawrence Hoffman report having secured up a flock of six swan. Later G. Thayer reported having seen them also. It is very rarely that swan are seen in this vicinity.

New Trier township, the first Cook county township south of Highland Park, went dry by a vote of nearly two to one Tuesday, just as the prohibitionists predicted.

\$100 reward is offered for information leading to arrest and conviction of the man or men who Saturday night entered the stable belonging to William Topigan, Waukegan, and stole a valuable eight year old gray mare.

15 YEARS AGO

April 10, 1924

Raymond Walsh of Lake Villa has been appointed maintenance patrolman for the Antioch section of Route 21.

Mr. and Mrs. E. B. Williams are expected to return about the 12th of April from spending the winter at Melbourne, Fla.

Burlington, Wis., is not without its rage for bobbed hair. More than 100 young maids and matrons have within the past two weeks left the ranks of the more sedate for the freedom that the shorn head allows.

Hints for Homemakers

By Jane Rogers

HERE'S a toothsome idea for those persons who have given up candy for the Lenten season. When your sweet tooth demands a piece of candy satisfy it instead with one or two delicious canned Hawaiian pineapple gems. These spoon-size pieces of luscious fruit are also ideal in-between meal bites for school children because they will satisfy hunger but will not ruin the appetite for the next meal.

If you have given up desserts as well as candy during Lent try drinking a glass of canned unsweetened Hawaiian pineapple juice at the end of your meal and you'll find that you won't miss dessert. Its delicious sun-ripened flavor will appease the appetite and bring the meal to a happy end.

Unhappy Recollection
Unpleasantest recollection a girl may have is that her father and mother told her that the man she was going to marry "was no good," and that they were right.

Cheap Hated
Cheap, venomous hatred of those who have done well in life is the most pinhead meanness. And there's lots of it.

No Advertising Heard Over Uni. Radio Station

W-I-L-L Now Covers Large Area
With Programs of Education
and Information.

Radio listeners in practically all parts of Illinois and in adjoining areas of nearby states now can hear the University of Illinois radio station, W-I-L-L, the only non-commercial, educational broadcaster in the state. No advertising is transmitted at any time.

The parade of higher education continues from day to day with a dozen courses broadcast direct from University classrooms in addition to thirteen other new educational features of general interest.

The station, operating on a frequency of 550 kilocycles, is on the air daily from 7:30 a. m. to 5:30 p. m., except Saturday to 2 p. m. and silent on Sunday.

Recent improvements have more than doubled the potential audience of the station. A new 5,000-watt high-fidelity transmitter, 320-foot vertical antennae, change of frequency to 580 kilocycles, and addition of other equipment have greatly increased the station's services and listener area.

A feature of the current schedule is the presentation of several courses dealing in business and business problems. Introduction to Business, Salesmanship, Personnel Administration, and a series of discussions on current economic problems, are included.

Other courses, both in and out of the classroom, are offered in Astronomy, American Literature, Bacteriology in Every Day Life, Comparative Literature, Contemporary Affairs, Farm Feeding, Farm Management, Home Heating and Cooling, Kitchen Chemistry, Public Speaking, Textiles, Weather and Climate, and three in history: United States to 1890, Recent European, and Eastern and Southern Asia, to 1930.

Regular features also include the daily agricultural half hour, the thrice weekly home economics period, the Parent-Teacher Forum and another on School Organization and Finance, both weekly, and definite series on Public Speaking, Modern Medicine, Modern Poets and Poetry, Rural Life Review, Interpretive Science, a presentation of student writings, Theatre commentary, and Highway traffic.

The schedule of days of presentation, and the hours, is as follows:

"History of United States": 8 a. m. Monday and Wednesday; "Introduction to History of Eastern and Southern Asia": 8 a. m. Tuesday and Thursday; "Recent European

History": 8 a. m. Friday; "American Literature": 9 a. m. Tuesday and Thursday; "Public Speaking": 9:15 a. m. Wednesday; "Bacteriology": 9:40 a. m. Wednesday; "Textiles": 10 a. m. Monday; "Farm Management": 10 a. m. Tuesday and Thursday; "Introduction to Comparative Literature": 10 a. m. Wednesday and Friday; "Weather and Climate": 11 a. m. Monday, Wednesday, and Friday; "Current Economic Problems": 11 a. m. Thursday; "Kitchen Chemistry": 1 p. m. Monday; "Introduction to Business": 2 p. m. Monday; "Salesmanship": 2 p. m. Tuesday; "Farm Feeding": 2 p. m. Wednesday; "Personnel Administration": 2 p. m. Friday; "Home Heating and Cooling": 4:30 p. m. Tuesday; "Contemporary Affairs": 4:30 p. m. Thursday; "Methods of the Astronomer": 5 p. m. Tuesday.

State U. Attracts Better H. S. Pupils

The better scholars among the high school graduates comprise the greater part of new students in the University of Illinois, and their grade ranking in collegiate work bears a direct relation to high school scholastic standing, according to a study of last year's freshman class at the university.

The study shows that nearly three-fourths of those in the entering classes in recent years came from the upper half of scholarship ranking in their high schools, nearly one-half of the freshmen from the high school's highest one-fourth, and more than one-fifth of the university's entrants from the high school's upper one-tenth in scholarship.

The study went on to show that those coming from the upper quarter of high school scholarship had a better than 77 per cent chance of being above average in university grades, while 51 per cent of those from the lowest quarter in high school placed below the university grade average.

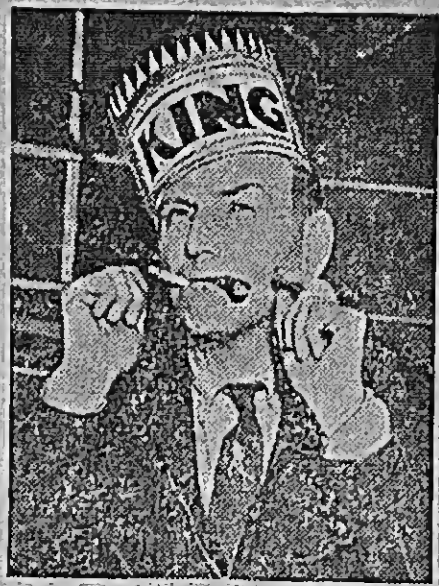

85 Per Cent Show Church Preferences On Illinois Campus

Definite church affiliations or preferences are held by more than 85 per cent of the 12,831 students attending the University of Illinois. A recent survey showed only 1,824 failing to indicate religious choice.

The 10,807 students listing preferences indicated 34 denominations and creeds. Largest choice was Methodist Episcopal, 2,605; followed by Presbyterian 1,615, and Catholic 1,440. Other groups indicated by more than 100 students were Jewish, Lutheran, Christian, Baptist, Congregational, Protestant, Episcopal, Christian Science, and Evangelical.

The University of Illinois, a state-supported institution, can give no religious instruction, but 12 churches near the campus are attended chiefly by students and faculty and have extensive activities. One of these 12 include church foundation, church homes away from home, an organization which started at the University of Illinois 25 years ago with the organization of the Wesley foundation, and now has spread throughout the country.

Jeff Maps Program

"King" Jeff Davis, emperor of 1,500,000 "subjects" organized in the League of Hoboes of the World, has plenty of smokes for a change as he prepares to open the thirty-first annual convention of the Hoboes of America, Inc., at Cleveland, Saturday. Besides a general "new deal" program, Jeff's program for 1939 includes shower baths in railroad boxcars and a one-cent fare for hoboes. Jeff defines a hobo as one who will work. But a tramp, he says, won't work, while a bum can't.

No Way to Train

Kayo Morgan, Stamford, Conn., fighter, who mixed Sunday with Bantamweight Champion Sixto Escobar in a title bout at San Juan, Puerto Rico, is shown "in training" on the Caribbean island. Morgan's diet features coe-frio, favorite Puerto Rican drink, while he wears a native straw hat.

Great, Old or New

One of the distinctions which visitors find in the churches of Holland pertains to their names. When the country was mostly Catholic they were named after saints. Since the days of the Reformation they are called either Groote, Oude, or Nieuwe: Great, Old or New.

Good Advice

Two Philadelphia physicians, writing in a national publication, warn people to keep their mouths shut if they would remain healthy. And, they might have added, if they want to keep out of trouble.

Where "Mad" Means "Insane" The word "mad" is never "cross" or "angry" in England, as it is sometimes used here; there "mad" is always "insane."

Farallones Islands

The Farallones islands are a group of six small rocky islands in the Pacific off the coast of California, about 28 miles from the entrance to the Golden Gate. A large number of rabbits are found on the islands; they are prolific in bird life and many sea lions are on the coast. The islands were created a federal bird preserve in 1909.

Dogwood in Mythology

Greek mythology contains legends of dogwood and tries to explain the reason for the odd type of growth.

A Bibliomaniac

A bibliomaniac is of a mild-mannered breed who pay their insurance premiums regularly, who like gold fish because they don't talk back, who indulge in endless discussions about inconsequentials, are sometimes dull as dishwater but always carry a sensitive finger to the printed page.

Changing the Mind

No well-informed person ever imputed inconsistency to another for changing his mind.—Cicero.

APPRECIATION I

New Tricks With Vegetables

With spring meals are sure to grow lighter and to stress vegetables more and more. That's your cue to gather in recipes that will enable you to serve them frequently in many different ways.

Savory Stuffed Tomatoes

2 tablespoons melted butter
1 small onion, grated
1 teaspoon finely chopped parsley
1/2 teaspoon salt
Few grains pepper
2 cups mashed potatoes
6 tomatoes
Grated cheese

Add butter, onion, parsley, salt and pepper to mashed potatoes and beat until smooth. Scoop out tomatoes without breaking the outside shell. Fill with potato mixture; top with cheese. Place in a baking dish. Bake in a moderate oven 30 minutes.

Carrot Fritters

1 cup flour
1/2 teaspoon salt

Egg Marks The Spot, Officer

Patrolman Harold Nickerson of the Detroit Police put his ticket book away when Betty Dane, Wayne University student, explained that her driving with an egg was only part of a sorority initiation stunt. She did it, too, without breaking the egg, by using a Chevrolet, in which vacuum from the motor supplies nearly all the power necessary in shifting gears with the new steering-column shift lever.

Few grains pepper
2 eggs
1 cup cooked mashed carrots
1-3 cup milk
1 tablespoon melted fat
Sift together flour, salt and pepper. Add mashed carrots, milk, beaten eggs and fat. Drop by spoonfuls into deep fat and fry about 3 minutes. Drain on absorbent paper.

Spinach De Luxe
Make cream sauce with 3 tablespoons flour and 1 cup milk. Remove from fire, add 1/2 pound grated American cheese. Stir until the cheese melts. Add 1 cup chopped cooked spinach, 1/2 cups bread crumbs, 3 beaten eggs, and seasonings. Pour into buttered ring mold, bake in a moderate oven 40 to 50 minutes. Unmold, fill center with mashed potatoes, garnish with beads.

Eggplant Parmesan
1 medium size eggplant
Dry crumbs
1 egg beaten, diluted with 2 tablespoons water
1 lb. chopped beef
1 chopped onion
1 No. 2 can or 2 1/2 cups tomatoes
1 teaspoon sugar
1 cup grated Parmesan cheese
Slice eggplant in 1/4-inch slices and

peel. Dip in crumbs, then in egg and in crumbs again. Fry on both sides in a little fat until brown. Season chopped beef with salt and pepper. Form in very small balls; fry. Cook onion in a little fat until brown; add well drained tomatoes and sugar; season to taste with salt and pepper. Put a layer of eggplant in bottom of a greased casserole; then the meat balls. Sprinkle with one-half the cheese and add one-half the tomato mixture. Cover with remaining eggplant, cheese and tomatoes. Bake in a moderate oven 1 hour.

Spanish Green Beans
Mince 1 onion; brown in 2 tablespoons fat; add 2 cups bread crumbs. Combine 1 No. 2 can tomatoes, 1 teaspoon each sugar and salt. Add liquid from 1 No. 2 can green beans. Cook until most of the liquid has evaporated. Add green beans. Place alternate layers of tomatoes and crumbs in casserole, ending with crumbs. Bake in a hot oven 20 minutes.

Mixed Vegetable Grill
Peel potatoes and cut in 1/2 inch slices. Scrape carrots and if large cut in half lengthwise. Boil carrots and potatoes about 15 minutes. Drain. Peel squash and slice about 1/2 inch thick. Boil 5 minutes, drain. Wash

fresh mushrooms or, if canned, drain. Sprinkle halved tomatoes with salt and pepper, dot with butter; top with a slice of onion. Arrange vegetables attractively on an oven proof platter; dot butter over all. Preheat broiler 10 minutes. Put vegetables a few inches from flame. Broil until brown.

Tomatoes Stuffed with Kidney Beans
Put 1 can kidney beans into a strainer. Pour boiling water over them. Cook. Mix with 1 cup celery cut in pieces, 2 tablespoons India relish and 1/2 teaspoon salt. Moisten with mayonnaise. Fill 6 hollowed-out tomatoes with the beans. Arrange on crisp lettuce and serve with mayonnaise.

Baked Corn and Carrots

Mix 1 1/2 cups each shredded carrots, canned corn, 1 green pepper, minced, and 2 eggs slightly beaten. Add sauce made with 1 cup milk, 2 tablespoons each flour, butter. Season. Bake 1 hour in moderate oven.

Did You Ever Try These Recipes? Do, Please

a Second Bow in These Delicious Leftovers

Savory and inviting in its first appearance, ham loses nothing by returning again in unusual and tempting "left-over" guises.

Ham Salad
2 cups cooked ham, diced
3/4 cup cooked peas
3 tablespoons India relish
Mix ham, peas and relish together and mix well in French dressing. Chill thoroughly. Arrange on crisp lettuce leaves and garnish with slices of hard cooked egg. Serve with Russian dressing.

Creamed Ham and Olives
2 tablespoons butter
3 tablespoons flour
1 1/2 cups milk
1 1/2 cups diced cold cooked ham
2 tablespoons stuffed olives, chopped
Pepper
1/2 teaspoon Worcestershire sauce
1 loaf bread
Parsley
Cucumber pickle.

Melt the butter in a saucepan, add flour and stir together until well blended. Add milk and cook until thick. Add ham, olives and seasonings to the sauce and heat thoroughly. Cut the bread in 6 slices about 2 inches thick. Trim the crusts, cut in squares

and hollow out the centers, leaving cases in which to serve the creamed meat and olives. Brush the cases lightly with butter and toast. Fill with creamed ham. Garnish with parsley and slices of pickle and serve.

Ham Waffles

1/2 cup minced ham
2 cups flour
1 1/2 cups milk
4 teaspoons baking powder
3 tablespoons melted shortening
2 eggs, beaten separately
1 teaspoon salt
Combine the melted shortening, the beaten egg yolks and the milk and add to the dry sifted ingredients. Fold in the ham and add to the stiffly beaten egg whites.

Ham Mousse
Take 3 tablespoons of gelatine and soften in 3/4 cup cold water. Add 1 1/2 cups boiling water and dissolve. Chop fine enough cold cooked ham to make 6 cups. Mix the ham with 3 teaspoons of prepared mustard; add the gelatine and 1 1/2 cups of cream whipped stiff. Season with a little salt and pepper and a few grains of cayenne. Mix well. Put the mixture in a mold rinsed in cold water, chill until firm, unmold and garnish.

Ham Griddle Cakes

2 cups flour
3 teaspoons baking powder
2 tablespoons sugar
1/2 teaspoon salt
1-3 cups milk
1 beaten egg
2 tablespoons melted shortening
1/2 teaspoon prepared mustard
Thin slices cooked ham
Sift dry ingredients together. Add milk slowly, then the beaten egg; beat until smooth. Add mustard and shortening to griddle batter, beat one minute. Dip ham slices in batter and cook on hot griddle.

Creamed Ham
2 tablespoons butter
4 tablespoons flour
1/2 teaspoon salt
Small piece bay leaf
1/2 teaspoon onion juice
1 whole clove
2 1/2 cups milk
1 1/2 cups cooked ham, cut in 1/4-inch cubes.

Melt butter, add flour, stir until well blended. Add seasonings. Add milk slowly, stirring constantly until thick and smooth. Bring to a boil and boil 2 minutes. Add ham.

Ham Fondue
1 cup milk
1 cup soft bread crumbs
1 tablespoon butter
1/2 teaspoon salt
3 eggs
1 1/2 cups finely chopped cooked ham

Scald milk, add bread crumbs, butter and salt. Add egg yolks slightly beaten. Cool to lukewarm. Add 1 1/2 cups ham. When ready to bake, fold in stiffly beaten egg whites. Turn in to greased baking dish and bake in a moderate oven from 45 to 50 minutes.

Ham Salad
Chop ham very fine to make 1 cup. Chop 1 green pepper and 1 onion. Combine ingredients and blend with mayonnaise. Serve in lettuce cups with additional mayonnaise.

No Advertising Heard Over Uni. Radio Station

W-I-L-L Now Covers Large Area
With Programs of Education
and Information.

Radio listeners in practically all parts of Illinois and in adjoining areas of nearby states now can hear the University of Illinois radio station, W-I-L-L, the only non-commercial, educational broadcaster in the state. No advertising is transmitted at any time.

The parade of higher education continues from day to day with a dozen courses broadcast direct from University classrooms in addition to thirteen other, new educational features of general interest.

The station, operating on a frequency of 580 kilocycles, is on the air daily from 7:30 a. m. to 5:30 p. m., except Saturday to 2 p. m. and silent on Sunday.

Recent improvements have more than doubled the potential audience of the station. A new 5,000-watt high-fidelity transmitter, 325-foot vertical antennae, change of frequency to 580 kilocycles, and addition of other equipment have greatly increased the station's services and listener area.

A feature of the current schedule is the presentation of several courses dealing in business and business problems. Introduction to Business, Salesmanship, Personnel Administration, and a series of discussions on current economic problems are included.

Other courses, both in and out of the classroom, are offered in Astronomy, American Literature, Bacteriology in Every Day Life, Comparative Literature, Contemporary Affairs, Farm Feeding, Farm Management, Home Heating and Cooling, Kitchen Chemistry, Public Speaking, Textiles, Weather and Climate, and three in history: United States to 1839, Recent European, and Eastern and Southern Asia to 1939.

Regular features also include the daily agricultural half hour, the thrice weekly home economics period, the Parent-Teacher Forum and another on School Organization and Finance, both weekly, and definite series on Public Speaking, Modern Medicine, Modern Poets and Poetry, Rural Life Review, Interpretive Science, a presentation of student writings, Theatre commentary, and Highway traffic.

The schedule of days of presentation, and the hours, is as follows:

"History of United States" 8 a. m. Monday and Wednesday; "Introduction to History of Eastern and Southern Asia" 8 a. m. Tuesday and Thursday; "Recent European

History" 8 a. m. Friday; "American Literature" 9 a. m. Tuesday and Thursday; "Public Speaking" 9:15 a. m. Wednesday; "Bacteriology" 9:40 a. m. Wednesday; "Textiles" 10 a. m. Monday; "Farm Management" 10 a. m. Tuesday and Thursday; "Introduction to Comparative Literature" 10 a. m. Wednesday and Friday; "Weather and Climate" 11 a. m. Monday, Wednesday, and Friday; "Current Economic Problems" 11 a. m. Thursday; "Kitchen Chemistry" 1 p. m. Monday; "Introduction to Business" 2 p. m. Monday; "Salesmanship" 2 p. m. Tuesday; "Farm Feeding" 2 p. m. Wednesday; "Personnel Administration" 2 p. m. Friday; "Home Heating and Cooling" 4:30 p. m. Tuesday; "Contemporary Affairs" 4:30 p. m. Thursday; "Methods of the Astronomer" 5 p. m. Tuesday.

State U. Attracts Better H. S. Pupils

The better scholars among the high school graduates comprise the greater part of new students in the University of Illinois, and their grade ranking in collegiate work bears a direct relation to high school scholastic standing, according to a study of last year's freshman class at the university.

The study shows that nearly three-fourths of those in the entering classes in recent years came from the upper half of scholarship ranking in their high schools, nearly one-half of the freshmen from the high school's highest one-fourth, and more than one-fifth of the university's entrants from the high school's upper one-tenth in scholarship.

The study went on to show that those coming from the upper half of high school scholarship had a better than 77 per cent chance of being above average in university grades, while 91 per cent of those from the lower quarter in high school placed below the university grade average.

85 Per Cent Show Church Preferences On Illinois Campus

Definite church affiliations or preferences are held by more than 85 per cent of the 12,031 students attending the University of Illinois. A recent survey showed only 1,824 failing to indicate religious choice.

The 10,807 students listing preferences indicated 34 denominations and creeds. Largest choice was Methodist Episcopal, 2,605, followed by Presbyterian 1,615, and Catholic 1,448. Other groups indicated by more than 100 students were Jewish, Lutheran, Christian, Baptist, Congregational, Protestant, Episcopal, Christian Science, and Evangelical.

The University of Illinois, a state supported institution, can give no religious instruction, but 13 churches near the campus are attended chiefly by students and faculty and have extensive activities. Nine of these 13 include church foundations—"church homes away from home"—an idea which started at the University of Illinois 25 years ago with the organization of the Wesley foundation, and now has spread throughout the country.

HEALTH HINTS for LIVESTOCK

RABIES DANGER IS GREATER IN WINTER THAN IN SUMMER

Despite popular belief that dogs go mad from rabies more frequently during hot weather—veterinary science has now discovered that hot weather has nothing to do with it. In fact, there are very often more cases of rabies in February and March than at any other time of the year.

Rabies still flourishes in many sections of the country, and will doubtless continue to do so for many years. But science has now found a way to protect both man and beast against the consequences of the disease, which formerly meant certain and horrible death. Here are some simple, precautionary steps which should be taken, in case anyone is bitten by a dog:

Report to your physician immediately, if bitten by a dog suspected of having rabies. There is little danger if the Pasteur vaccination treatment is given promptly.

Report to your veterinarian immediately if your pet or any of your livestock is bitten by a rabid dog. The livestock usually can be saved by prompt treatment.

Have the offending dog confined for three to four weeks in a veterinary

hospital. If it has rabies, it will die within that time. Also, cooperate with your humane society in the control of stray cats and dogs. Skunks, squirrels, and wild rodents may also spread the disease. Protect your own dogs by having your veterinarian vaccinate them against rabies once a year.

The greatest danger today from rabies, for either man or beast, is the danger caused by delay. If treated promptly, few rabid dog bites would be fatal.

A rabid dog is dangerous to man and beast. Notice the glassy eye and relaxed jaw.

We are practicing on a program for an outdoor concert.

Everyone enjoyed the program Mr. Edgar Cox gave us last week on his trip with Admiral Byrd to the Antarctic Continent.

Intermediate Room
We have been reading and memorizing some spring poems. One that we like especially is taken from "Pippa Passes."

We are also starting work on our musical program. Betty Bartlett and Marilyn Tiede have been writing a skit for the middle grades.

Mr. Brickman has made some new teeter-totters and they are very popular.

The children have been bringing in old deserted birds' nests, and we have been trying to identify all of them. Bob Klein brought a very nice oriole's nest.

Quite a number of the children received writing certificates from Mr. Petty today.

In Health we are talking about ways to prevent accidents—falls, burns, etc. Primary Room

We are planning to fix our Easter

sand table tomorrow so the Bunay will know where to put our Easter eggs.

Marlene Nader went to see her Grandpa Saturday and wrote him a letter today.

Barbara Tiede spent the week-end in Elgin.

Rotnours to Give "The Elder Brother" April 13

The play, "The Elder Brother," featuring Miss La Verne in the role of the little mother, will be given by the J. B. Rotnour players next Thursday, evening April 13, in the Crystal theater. The characters include the elder brother, the younger brother, the eccentric doctor, the squire, the younger sister and neighbors.

Entertainment specialties will be a novelty dance by Kingdon and Gibbs, and numbers by Bob Gentry and the novelty quartet. Merchant free tickets may be obtained from firms listed in an advertisement in this issue of the Antioch News. An admission charge of 35 cents is made otherwise.

This evening's Rotnour offering is "The Perfect Fool," a dramatic comedy.

Friendship

You can't displease everybody, consequently there is a chance for every man to win friendship.

Mountains of India Are Setting for "Gunga Din"

Kipling's "Gunga Din" and his "Soldiers, Three" have been blended to form a stirring story of adventures in India in the motion picture which is coming to the Crystal theatre in Antioch for three days commencing Saturday, April 8.

Victor McLaglen, Cary Grant and Douglas Fairbanks, Jr., play three of the principal roles in the picture as three comrades-at-arms.

The martial tale is presented against the majestic setting of the mountains of Tantrapur, where the elephants carry the artillery and water is as important to the fighting man as his ammunition.

Navy Seeks Air Base in Alaska

Plan Would Give U. S. Aerial Domination Over 2,000 Miles of Water.

WASHINGTON.—President Roosevelt, acting on the recommendation of high navy officials, may ask congress next session for an appropriation to start development of a powerful fleet air base in Alaska to complete this country's Pacific "aerial frontier."

The proposed Alaskan base, long desired by the navy department, theoretically would give the United States complete domination of the air over a 2,000 mile stretch of water from the Aleutians to the Hawaiian Islands, establishing a battle theater nearly 2,500 miles from the American West coast in event of a Pacific war.

Sitka, Alaska, was officially designated a fleet air base more than three years ago, but development has been exceedingly slow and at present it will accommodate only six or seven airplanes.

Prefer Kodiak Island.
The proposed new base would probably be on Kodiak Island, and the navy department is anxious to make it the equal of such powerful stations as Pearl Harbor, Hawaii, and Coco Solo, Panama Canal Zone.

A board of navy strategy experts was appointed recently to study necessity for new naval shore stations and it is understood that the Alaskan question is being given special consideration.

Some ranking navy officers are convinced that this country should have a naval fueling and repair base in Alaska, also, and it is probable that this will be studied closely in connection with the proposed air base.

At the same time the war department has tentative plans for fortification of some of the Aleutian islands with long-range coast defense guns. Both of these latter projects would require huge expenditures and in all probability will not be undertaken until the fleet air base is completed, if at all.

Improved Defenses.

However, the recent dispatch of 36 navy patrol planes for maneuvers in the Alaskan area is generally regarded here as an indication of imminent improvement of the Alaskan defense system. This was the largest number of navy patrol planes ever sent to Alaska for summer maneuvers.

Some naval experts do not consider Sitka ideally located for a fleet air base and are urging its abandonment, except as a possible advance, or auxiliary base, in favor of the Kodiak site, easy to defend and difficult to attack. It is likely that Dutch harbor also may be designated as an advance air base.

The strategic importance of Alaska in the United States national defense system is rapidly increasing due mainly to the growing flying range of airplanes. Military experts point out that the entire Northwest and Pacific coast industrial sections of the United States could be wiped out by enemy aircraft carriers from anchorages in northern waters.
